CASA PQ PRO TRAVEL CHARGER
USER MANUAL

PRODUCT OVERVIEW

Congratulations on your purchase of Casa PQ Pro travel charger! Casa PQ Pro makes charging easy on the go.

The dual-port Casa PQ Pro allows you to charge two devices simultaneously at blazing fast speeds. The USB-PD port alone can provide 30W output, and the QC 3.0 port alone can provide an equally impressive 18W fast charge, and when used simultaneously can provide a combined total 30W output.

the Casa PQ Pro has a multi-protection design at its core, ensuring a fast and safe charge for every device.

We hope you enjoy using our product.

INSTRUCTIONS

1. Plug the Casa PQ Pro travel charger in an power outlet.
2. The dual-port Casa PQ Pro charger supports both USB-PD and QC 3.0, so depending on which you choose to charge your device, connect either USB-A or USB-C connector to the appropriate port of the travel charger.
3. Connect the connector on the other end of the cable to the device to be charged.
4. To charge a second device, connect another cable to the other available port of the travel charger. Connect the other end of the cable to the second device. The Casa PQ Pro allows you to charge 2 devices simultaneously.
5. Remove devices and the charger from the socket when the charging is done.
